Jugendstuff

PRESENTATION

The Jugendstuff is an open and free structure for young people between 10 and 30 years old, living in Mondorf-les-Bains and its surroundings.

It is a place to meet, to exchange information and activities led by qualified educational staff. A lot of workshops and projects in the non-formal field are planned, organized and realized. An important component is the "Kitchen-Lab", semi-autonomous cooking activities. The pedagogical relationship between the staff and the young people plays an important role.

It is the place per excellence where young people find free help in the process of change that characterizes adolescence, in an atmosphere of confidentiality and security. The aim of the educational staff is also the inclusion of young people with special needs and the international exchange with and for young people.

The Jugendstuff Munneref is since 2022 an official unit within the framework of the "Youth Award" (The Duke of Edinburgh's International Award).

At the Jugendstuff, we advise you if you have questions about :
